> HOW TO SPEED UP YOUR GAME AND SAVE STROKES LOOKING FOR YOUR BALL

Find-a-Ball golf glasses

The old rules allowed a player 5 minutes to locate their ball; this is now reduced to 3 minutes under the new rules.

If you don't find your ball, the result is a stroke and distance penalty. If you need some help then Find-a-Ball golf glasses is the answer and they are legal.

Find-a-Ball golf glasses have specially tinted, UV coated lenses which filter out foliage and grass enabling white balls to stand out against trees and fairways.

The glasses are designed to block out the majority of light creating a very clever way of locating your white or yellow balls easily. The balls appear brighter in your vision thus making it easier to find your ball.

The benefits are fewer lost balls meaning fewer penalty strokes and less frustration, better score, more enjoyment, and reduced time spent holding up play looking for lost balls.

The Find-a-Ball golf glasses come complete with moulded zip up carry case that can clip onto your bag, and also a cleaning cloth

Price \$29.50 plus \$8.50 p & h anywhere in Australia.
