

> GOTCHA-TEE

**The Ezy Way to pick up your Tee
NO MORE BENDING!**

THE **Gotcha-Tee** is a game changer for all golf enthusiasts, especially those with back injuries, arthritis or similar painful mobility issues. It's the easy way to pick up your Tee without bending, allowing you to concentrate more on your game.

Even if you don't have mobility issues, the Gotcha-Tee is the very latest and coolest bit of golf gear that is perfect for any golfer.

After you tee off, locate your specially designed magnetic nylon Gotcha-Tee and retrieve it using your **Gotcha Magnet**, which you fix to the end of your club handle. Now you can pick up your tee without bending or stretching!

The Gotcha-Tee kit contains a variety of tough nylon magnetic Gotcha-Tees, as well as two Gotcha Magnets. This means you can set up two clubs with your Gotcha Magnets and be ready to play the longer holes or a short Par 3.

Gotcha-Tee is the perfect Christmas gift for the golfer who has everything. It's new, it's a game changer and it's affordable at just \$35 per kit. Order yours online now by visiting the website at www.gotcha-tee.com.au

> FJ QUANTUM

FOOTJOY, the #1 Shoe in Golf, introduces the FJ Quantum. Designed with visual comfort at its core the FJ Quantum delivers 'cloud like' comfort with every step. Featuring FJ's softest foam yet, the FJ Quantum's SoffOAM combines maximum comfort and excellent forefoot flex to create a superior ride for the golfer.

While the comfort of the FJ Quantum is unquestionable, the tractional performance of the shoe is just as impressive. The FJ Quantum features tractional elements found the most stable FootJoy shoes, such as the Pro/SLX and HyperFlex golf shoes.

The FJ Quantum is available in four Men's styles including one BOA lacing option and three Women's lace styles.

> TECTECTEC PINM8 & PINM8 PRO RANGEFINDERS

THE TecTecTec PINM8 and PINM8 PRO rangefinders are setting a new standard in the world of golf accessories, combining precision, innovation, and ease of use. Designed for both casual and competitive golfers, these models deliver reliable distance measurements with impressive features tailored to individual playing styles.

The PINM8 oCers a sleek black LCD display for straightforward, crisp readings, perfect for golfers seeking dependable performance with simplicity in a compact design.

Meanwhile, the PINM8 PRO elevates functionality with its vibrant red LCD, enhancing visibility in various conditions and incorporating a slope-use indicator to maintain USGA compliance. Additionally, the PRO version includes a built-in magnet for convenient attachment to a golf cart, ensuring quick access during play.

Both models boast a powerful range of up to 800 meters, automatic slope compensation for accurate measurements on uneven terrain, and instant distance feedback for seamless gameplay. The inclusion of target lock vibration reassures users with a precise flag-locking function, enhancing confidence in the course. Golfers can easily switch between yards and meters and utilise scan mode to assess distances to hazards and other strategic points.

Whether you're seeking straightforward, reliable readings with the PINM8 or added versatility and convenience with the PINM8 PRO, these rangefinders are built to enhance your game with unmatched accuracy and user-friendly design. TecTecTec ensures that with the PINM8 series, you're equipped with the tools to play smarter and more confidently.
