

# FASHION ON THE FAIRWAYS

From the early days of the plus-fours and ruffled cravats, to today's bright colours and plaid ensembles, golf and fashion have long been intertwined.

## BRENTONIO

LOVE GOLF? I do. Fresh air on manicured green grass, laugh or compliment a great or bad shot with your mates, watch a crow take your ball. Every shot's different, I even have a putting green at home.

Looking for Golf Polo Shirts & Shorts I couldn't find exactly what I wanted. Sizes were always different & designs were boring. I decided to design my own high quality Golf Polo Shirts & Golf Shorts with stretch that are different, look great and are a true US size.

My shirts are 190gsm Polyester / Spandex are breathable with longer sleeves and a great collar. Shorts are 200gsm Polyester / Spandex, longer and have a rubber grip stretch waistband. My ¼ Zip Pullover has super stretch and its lightweight waffle pod material will keep you warm on early tee offs. I also have stretch golf belts and leather golf gloves.

I've been going now for 2 years and because I'm a new Brand it's hard to get recognised. It took just over a year to get to the quality and fit to where I'm now. Lots of mistakes being made due to the language barrier from China & Singapore. 60 plus emails back and forth to some suppliers until they got it right.

Brentonio designs are exclusive to Brentonio, no one else has them or sells them. So you can be an individual in one of my designs. Brentonio Golf Apparel wont just make you look great and stand

out on the Golf Course. You can also dress smart casual when going out.

Please have a look at my Golf Polo Shirts, Golf Shorts, Golf Gloves and accessories. All hand picked & tested for high quality and comfort with exclusive designs by me Brentonio.

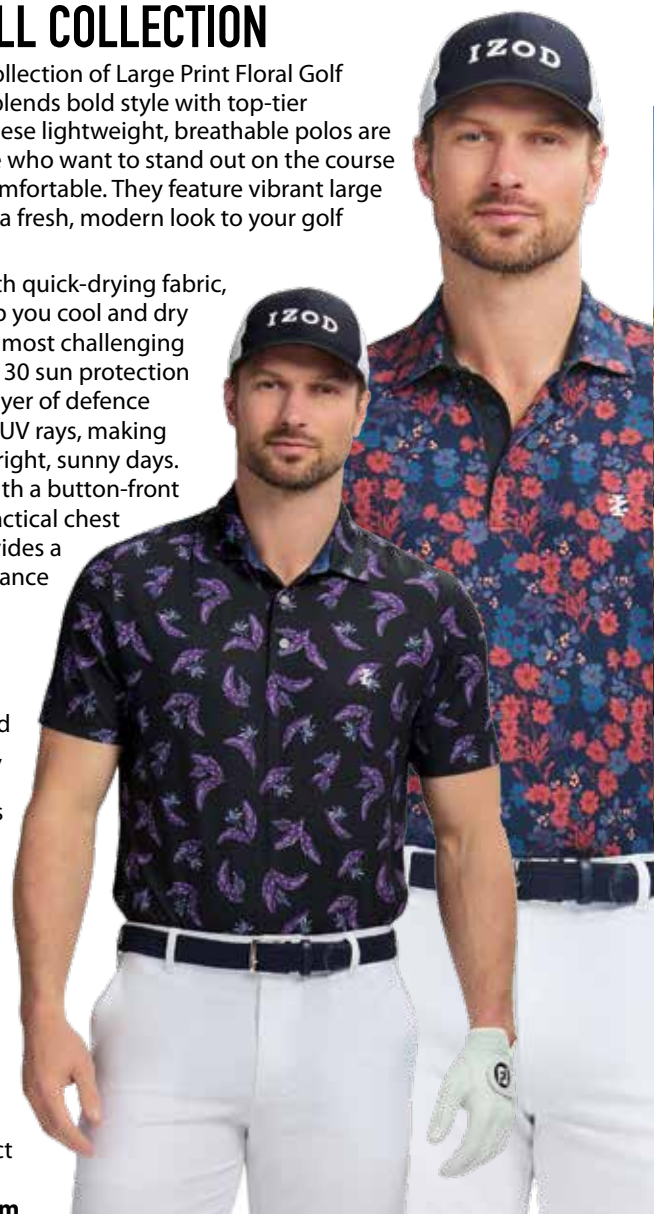

See you on the Golf Course!

## IZOD FALL COLLECTION

THE IZOD Fall Collection of Large Print Floral Golf Polos perfectly blends bold style with top-tier performance. These lightweight, breathable polos are crafted for those who want to stand out on the course while staying comfortable. They feature vibrant large floral prints and a fresh, modern look to your golf attire.

Engineered with quick-drying fabric, these polos keep you cool and dry during even the most challenging rounds. The UPF 30 sun protection offers an extra layer of defence against harmful UV rays, making them ideal for bright, sunny days. The classic fit, with a button-front design and a practical chest slip pocket, provides a polished appearance that easily transitions from the green to the clubhouse. With short sleeves and a vibrant design, the IZOD Large Print Floral Polos are a stylish and functional addition to any golfer's wardrobe.

## CRAZY ARMS. BETTER GOLF SLEEVES BY DESIGN.

THE team at Crazy Arms have been brightening up the fairways for over six years with their innovative range of eco-friendly golf sleeves.

Designed by Aussie golfers, Crazy Arms Sun Sleeves deliver brilliantly on all the fundamentals. Lightweight and cool to wear. UPF 50+ for great all-day protection. ARPANA tested and approved. Easy care and long lasting. Value for Money.

**But what makes Crazy Arms Golf Sleeves better than the average golf sleeve?**

The fabric, packaging, and shipping materials are all eco-friendly. The soft, premium fabric, is re-purposed from lost fishing nets recovered from the ocean, along with other consumer waste.

They have "small", "regular" and "relaxed fit" (for those with larger upper arms) plus 3 junior sizes, to ensure a performance fit.

And with more colours and designs each year there's more opportunity to coordinate with your course outfit.

With another high UV summer ahead, playing sun smart at all ages is so important. Less mess and more reliable than sunscreen, Crazy Arms Sun Sleeves are recommended by the team at Inside Golf.

Prices from \$39.50 + \$4.25 postage
